

# **SARANATHAN COLLEGE OF ENGINEERING**

## **DEPARTMENT OF MECHANICAL ENGINEERING**

### **Lecture on “Recent trends in Welding Technology”**

The Department of Mechanical Engineering, organized a lecture on “Recent trends in welding technology” on 7<sup>th</sup> June 2015 at 2 PM, in which, Dr.K.Devakumaran, Deputy Manager, Welding Research Institute, BHEL, Trichy, was the invited guest. He delivered a special lecture on recent innovations in the field of welding technology and the role of youth in bridging the gap between the theoretical and experimental concepts by the way of doing research and readiness towards it. His lecture was very informative and thought provoking making the session very interactive. The students were very much benefitted by his inspiring lecture. He also insisted students to take up the project work in the field of welding technology.
