

Mock Interview for Final year students

The department of Training and Placement organized a Mega Mock Interview for the final year students in view of the upcoming prospective placements.

Earlier the students were exposed to two streams of training by professional experts, Soft skills and Technical training to improve their skill sets for the selection process in reputed MNCs.

As advancement in the process of accomplishing better probability of placements, the mock interview was scheduled for 3 days, and 42 teaching faculty of the Institution, had one to one interview with the students.

During these sessions, students were exposed to a lot of current trends related questions and were given the experience of facing a real time interview. The faculty had, but, one objective – to identify the gaps in a student and motivate them to overcome the lapses.

The management were magnanimous in appreciating the services of the 42 "Rathans", who made the episode successful, and as a mark of representing the love and affection to the SARA family, the Secretary, in person, congratulated the staff involved, and offered them with sweets to continue their services. This was part of an event organized by the Department of Training and Placement to felicitate the staff members, that was graced by the Secretary of the Institution and the Principal. We wish for a day where all the staff members will be involved in conducting such programs to make the lives of students of Saranathan much better.
