

# SARANATHAN COLLEGE OF ENGINEERING

DEPARTMENT OF MECHANICAL ENGINEERING

## Hands on training sessions with CREO

The Department of Mechanical Engineering organized Hands-on training sessions with CREO during 06.12.2016 to 16.12.2016. Dr.M.Ganesan & Mr. S.Karthikeyan Faculty members, Department of Mechanical Engineering, Saranathan College of Engineering, have consented to conduct a hands-on training session for the students of III year mechanical engineering students. They delivered a lecture on Real time design applications with CREO. His lecture was very informative and thought provoking making the session very interactive. He also addressed the research scope in the field of CREO and encouraged the students to take up projects in this area. The students were very much benefitted by their interactive session. Each and every student who attended the session was given separate course material for future reference.
