

SARANATHAN COLLEGE OF ENGINEERING

DEPARTMENT OF MECHANICAL ENGINEERING

Technical Presentation on “LAB AMESIM - Multi domain Mechatronics Simulation software”

The Department of Mechanical Engineering, organized a guest lecture programme on “Technical Presentation on LAB AMESIM - Multi domain Mechatronics Simulation software” Organized in Association With Siemens Product Lifecycle Management Software Inc. on 1st February 2018 at 10 AM, in which, Mr.Kannan, Technical Manager, Siemens, was the invited guest. He delivered a special lecture on LAB AMESIM - Multi domain Mechatronics Simulation software and role of youth in readiness towards it. His lecture was very informative and thought provoking making the session very interactive. He also addressed the role of mechatronics in recent manufacturing scenario. He insisted the students to take up project in the field of mechatronics. The students were very much benefitted by his inspiring lecture. A separate hands-on training session was conducted to demonstrate the uses of the software. 50 third year students were benefitted by the training.
